22 October 2019

Dear Families,

The School Board has determined the Material and Services charges for 2020 will be at \$372.00. Extra-curricular activities such as camps, excursions, aquatics and swimming will be charged separately. Uniform costs, Music and VET fees are also charged separately.

The Department for Education has outlined a process for schools to determine Material and Services charges for 2020 as per legislation passed through Parliament on the 14th July, 2005.

Approval for the attached "Notice" has been given by the Department for Education and we now wish to inform the school community about the charge for formal approval.

Parents are invited to submit any concerns in writing to the school addressed to the School Board Chair by no later than 1pm Friday 15 November 2019.

Regards,

Rob Knight
Principal
